DriverPack Solution 17.6.6 Offline. ISO is the suitable software to support this this program for updating drivers on offline mode. Also available - you can download the latest driverpacks solution ISO direct and install it offline. I don't recommend it though, it may cause unexpected boot problems. I recommend the following versions to be installed as required: You can download. DriverPack Solution from the official website -. visit the official website -. Download DriverPack Solution 17 Offline & Online Full Version [Activation Code Full] from below links and install it. We ensure that you do not face any difficulty while downloading or installing DriverPack Solution 17 Offline Full Version Setup.Q: How to simplify and generalize one line code I have one logic like this in my application.Is there a way to simplify the code & generalize it?I thought to use some basic method or lambda? if (LicenseManager.CheckExpired(license)) { //update } else { LicenseExpiredException exp = new LicenseExpiredException(LicenseManager.GetExpiryDateTimeString()); //Exception.Callback(license, exp); } I think I have to write like this. if (LicenseManager.CheckExpired(license)) { Update(license); } else { LicenseExpiredException exp = new LicenseExpiredException(LicenseManager.GetExpiryDateTimeString()); //Exception.Callback(license, exp); } private void Update(object license) { //update } A: I don't think the "simplification" you're asking for is possible, but you could write something like this: private void Update(object license) { LicenseManager.CheckExpired(license); if(LicenseManager.CheckExpired(license)){ //update } else { LicenseExpiredException exp = new LicenseExpiredException(LicenseManager.GetExpiryDateTimeString()); //Exception.Callback(license, exp); }
